

RW2560ELC PORTABLE POWER STATION

Battery powered so no fumes, no gas, no noise, no maintenance
Using advanced technologies for today's power applications

**PORTABLE POWER
FOR ANYWHERE AND ANYTHING**

Safe and reliable

Adopt large capacity square aluminum shell lithium iron phosphate battery cell, BMS six protection, flame retardant ABS shell, safe and reliable.

Two in one motherboard

BMS, MPPT controller fusion design, compact structure.

Long service life

Using a new type of lithium iron phosphate battery, 80% DOD cycle life reaches 5000 times.

Rich output interface

3 USB, 2 DC, 1 * type-c, 1 * cigarette lighter, 2 * AC socket.

Large capacity

With a large capacity of 2560Wh, it can provide continuous power supply for induction cooker (1000W) for nearly 3 hours.

1500W pure sine wave output

Continuous 1500W, meeting the temporary power demand of most household appliances.

CAMPING

RV/MARINE

SPECIAL EVENTS

RW2560ELC PORTABLE POWER STATION

Features:

- 110V output 1500W
- 12V output
- 400W MPPT(12 & 24V charging)
- Car charging via cigarettelighter
- USB Outlets
- Pure Sine Wave
- LiFePO4Cells
- 23.5kg and 42x 30 x 33 cm

Battery category	Lithium iron phosphate battery
Battery power	2560Wh
Battery capacity	100Ah
Voltage	25.6V
Cycle life	3000Cycles
Overcharging protection voltage	29.2V
Overdischarge protection voltage	22.4V
Charging over temperature protection	50°C
Discharge over temperature protection	65°C
Short circuit protection	Yes
Reverse connection protection	Yes
Overload protection	Yes
Protection level	IP21
Product noise	≤60dB

Charging method	Estimated charging time(h)
Mains supply charging(400W)	9
Car charging(100W)	32
100W solar panel	32
200W solar panel	16
400W solar panel	9

OTTAWA
1151 Newmarket St.
Ottawa, ON, K1B 4N4
Toll Free: 1-800-743-8810
Tel: (613) 747-2666
