

## Section 1 Identification.

Product name:

**NOCO® Battery Cleaner Non-Aerosol**

Product code:

**BS403**

Other means of identification: Not available.

Recommended use: Apply to battery post to clean battery corrosion and prolong battery life.

Manufacturer: The NOCO Company Glenwillow, OH 44139

Emergency telephone number of the company: PERS (800) 633-8253 USA/CANADA

Information telephone number of the company: (800) 456-6626  
M-F MST 8:00AM to 5:00PM

## Section 2 Hazards identification.

GHS label elements:

Health: 0 - Least hazard

Flammability: 0 - Least hazard

Reactivity: 0 - Least hazard

Personal protection: B - Glasses and gloves

Precautions:

Protective gloves are recommended for long or prolonged use.

Wash hands with warm soap and water after handling.

Avoid contact with eyes.

### Section 3 Composition/information on ingredients.

% by weight	CAS Number	INGREDIENT	PEL PPM	TLV PPM	TLV MG/M3	UEL
-------------	------------	------------	---------	---------	-----------	-----

No hazardous ingredients in formula at or above 1%

SARA Hazard: None (Not listed – Title III Section 313)

### Section 4 First aid measures.

Ingestion: If swallowed do not induce vomiting. Seek medical attention.

Inhalation: If irritation of nose or throat develops, move away from source of exposure and into fresh air.

Eye Contact: For direct contact, flush the affected eye(s) with gentle stream of clean water for at least 15 minutes. If irritation persists; seek medical attention.

Skin contact: Cleanse affected area(s) thoroughly by washing with mild soap and water and, if necessary, a waterless skin cleaner. If irritation or redness develops and persists, seek medical attention.

### Section 5 Fire and explosion hazards.

Flash point: None. See section II.

LEL: N/A

UEL: N/A

Extinguishing media: Extinguish with carbon dioxide, alcohol foam, dry chemicals.

Unusual fire and explosion hazards: Wear self-contained breathing apparatus and protective clothing. Treat as oil fire.

### Section 6 Spill or leakage procedures.

Steps to be taken in case material is released or spilled: Wash down any excess liquid with water.

Waste disposal method: Dispose of product in accordance with local, county, state and federal regulations.

## Section 7 Handling and storage.

Storage category: Not available.

Other precautions: Do not consume, avoid contact with eyes; wash hands after handling.

## Section 8 Special protection information.

Respiratory protection: None.

Protective gloves: Recommended for prolonged or repeated contact.

Eye protection: Safety glasses

Ventilation: None

Other protective equipment: None

## Section 9 Physical data.

Product Weight: 8.35 lb/gal      1,000 g/l

Appearance & Odor: Blue, None

Volatile: No

Boiling Point: >120 °F      >48 °C

Melting Point: N/A

Volative Volume: N/A

Evaporation Rate: N/A

Vapor Density: N/A

Solubility in water: Yes

VOC: N/A

## Section 10 Reactivity data.

Stability: Stable

Incompatibility: Avoid contact with strong oxidizing agents. Extended Exposure to high temperatures may cause decomposition.

Hazardous decomposition products: Thermal decomposition in the presence of air may yield major amounts of oxides of carbon and minor amounts of oxides of sulfur and nitrogen.

Hazardous polymerization: Will not occur.

## Section 11 Hazardous material identification.

Communication of physical property, health, and safety information is a key factor in our product safety program. With this information you can better fulfill your obligation to educate exposed personnel in the proper handling techniques required to maintain safety in the workplace. Listed in this section is NPCA-HMIS classification for this product.

HMIS classification code:

Health: 0 - Least hazard

Flammability: 0 - Least hazard

Reactivity: 0 - Least hazard

Personal protection: B - Glasses and gloves

Unusual hazards:

None known.

Routes of entry:

Inhalation and skin. Avoid eye contact. Do not ingest.

Effects of overexposure to skin:

Short term skin contact is not expected to cause skin irritation. Prolonged or repeated contact may cause redness, burning, and dermatitis.

Eye:

This material may cause eye irritation. Direct contact may cause burning, tearing and redness.

Inhalation:

This product has low volatility and so is not expected to cause respiratory tract irritation.

Ingestion:

Ingestion of this material is not recommended.

Medical conditions generally aggravated by exposure:

N/A

Chemical listed as carcinogen or potential carcinogen:

N/A

## Section 12 Ecological information.

There is no evidence that this would cause adverse ecological effects.

## Section 13 Disposal considerations.

Waste disposal methods: Dispose of product in accordance with local, county, state and federal regulations.

## Section 14 Transport information.

DOT (domestic surface): Non-regulated.

IMO/IMDG (ocean): Non-regulated.

ICAO/IATA (air): Non-regulated.

## Section 15 Regulatory information.

SARA hazard: None (not listed - Title III, Section 313)

Carcinogenicity: This product is not considered a suspected animal carcinogen by the National Toxicity Program, the International Agency for Research on Cancer, or the Occupational Safety and Health Administration.

Pursuant to prop. 65: No chemical used in the production of this product is listed.

## Section 16 Other information.

Prepared on: May 14, 2015

The above information pertains to this product as currently formulated, and is based on the information available at this time. Addition of reducers or other additives to this product may substantially alter the composition and hazards of the product. Since conditions of use are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information.
